Management & Leadership Training

The Forces Transition Group - Transition Day

Your pathway to a successful civilian career!

Join us on **Tuesday, 3rd February at Cheltenham Town Hall** for another transformative event tailored specifically for service leavers, blue light professionals, ex-forces personnel, and their spouses. With over 70 exhibitors, this event is your gateway to new opportunities and a seamless transition into civilian life.

Inspiring Opening Briefing

Start the day with an engaging briefing from John Stephenson of the FTG, setting the tone for a day filled with actionable insights and guidance.

Company Showcases

Hear directly from FTG partner companies eager to recruit talented service leavers like you. These organisations understand the military and blue light mindset and recognise the value of your transferable skills as well as those of your family. Prepare to be inspired as they pitch their opportunities and share what makes them the perfect fit for your next career move.

Interactive Networking Opportunities

Take part in a speed interview process where you can showcase your skills to companies actively seeking new talent. Forge meaningful connections and explore potential job opportunities during this fast-paced and focused session.

Stay Refreshed

An onsite café will be available to purchase food and drinks, ensuring you stay energised and focused throughout the day.

Why Attend?

- Connect with over 70 exhibitors actively recruiting.
- Gain exclusive insights from companies and industry leaders.
- Access workshops and tools to prepare for a successful transition.
- Build valuable networks that will propel your civilian career.

Don't miss this incredible opportunity to set your course for a successful civilian future. Join us on **Tuesday, 3rd February at Cheltenham Town Hall** and take the next step toward your career transformation.

Your future is waiting—are you ready to Be The Hunter?

Floorplan:

2BCompliant - Transport Compliance & Driver CPC Training Services

The 2BCompliant team provide a complete transport compliance and driver CPC training service. Founded in 2019 by our CEO Darren Matthias, it is trusted by transport professionals throughout the UK who look to us to provide them with everything from driver CPC training to operator's licence audits and external transport managers.

ALFA - ALFA (Action Learning Facilitation Academy) supports military professionals in translating their operational leadership into civilian success. Its PGCert in Action Learning Facilitation converts real-world experience into a recognised Level 7 postgraduate qualification. Designed for aspiring consultants, coaches, programme and project managers, and organisational leaders, ALFA builds on proven military strengths—clear thinking, disciplined inquiry and mission focus—equipping participants to navigate complexity, facilitate change and deliver measurable results in business and beyond.

Allianz - With a legacy dating back to 1890, Allianz is a global leader in insurance and asset management, operating in over 70 countries. Our diverse team includes actuaries, advisors, underwriters, tech experts, and more—united by a passion for protecting what matters most. We value individuality, champion growth, and empower our people to shape the future of our industry.

Discover career opportunities with Allianz in the UK.

Altrad - With over 10,000 people working for Altrad across the UK and Ireland, no two days are ever the same.

We serve a wide range of industry sectors; we strive to be the best we can be – everyday. At Altrad, you will be rewarded with the opportunity to build a progressive career in a company who values your ingenuity, creativity and ambition. Are you ready to accept our challenge?

Amey - Amey is a leading provider of full life-cycle engineering, operation and decarbonisation solutions for UK infrastructure. We work in a variety of markets to keep people moving, thriving and support economic growth. For the last 100 years we have transformed the UK's infrastructure. Join us and be involved in transforming it for the next 100 years. Joining us means becoming part of a vibrant and diverse community who are driven by a set of strong values, that focus on safety, insight, and collaboration.

Aquatic Control Engineering - Aquatic Control Engineering (ACE) is a leading specialist provider of water control and flood risk management solutions for the UK infrastructure sector. We design, manufacture, and deliver robust, site-specific solutions including land drainage pumping stations, penstocks, flap valves and flood gates. Working closely with contractors, consultants, and end clients, ACE combines engineering expertise with a practical, collaborative approach to deliver reliable solutions that protect communities, infrastructure, and the environment.

Arqiva - Arqiva plays a vital role in keeping the UK connected, from TV and radio broadcasting to smart metering and critical infrastructure connectivity. We offer rewarding careers across engineering, cyber security, project management and corporate functions, with real opportunities to grow and make an impact. Arqiva is proud to support the Armed Forces community, with a strong Veterans Network and Bronze Armed Forces Covenant, helping service leavers transition successfully into civilian careers.

AtkinsRéalis - Engineering a sustainable world. We believe that game-changing engineering has the power to radically improve the way we are all housed, connected, powered, and protected, and in doing so, overcome many of the sustainability challenges we face. From designing end-to-end project solutions to pioneering new technologies and ways of working, everything we do supports our goal of delivering outstanding project outcomes for our clients – no matter the scale, complexity or location of their project.

Aureos - Aureos' Infrastructure Plant business is a Plant Operation Scheme (POS) provider you can trust, with an exemplary track record of providing a safe, quality service. We are proud to be part of Network Rail's POS, when working on the UK's train network.

Aureos is at the forefront of investing in the training and latest technologies to ensure our plant and equipment capabilities keep us at the forefront of the industry

BAE SYSTEMS - From complex engineering projects to world-class cyber security solutions, everyone at BAE Systems plays a part in helping our customers protect what matters most.

At the core of BAE Systems is an overarching purpose – we play our part in protecting what matters; making the future more secure for everyone by creating bold, pioneering security products and services that can change the world we live in.

BakerHicks.

Baker Hicks Ltd - Europe's most complex station development. Ireland's largest hospital. Scotland's first Passivhaus school. World-class research laboratories and drug production facilities.

At BakerHicks, we provide an incredible range of design, engineering and project delivery services to clients who demand exceptional results.

BSU - Bath Spa University and CTL Skills Bootcamps offer fully funded, 16-week courses to help adults retrain, start a new career, or launch a business. Delivered in partnership with employers and local authorities, these courses are funded by the Department for Education and aim to meet local skills demands while supporting your career growth. You gain skills for life, help support skills demands in your area and ultimately help you take the next step in your career journey.

BES Group - At the BES Group, we are passionate about keeping people safe and businesses compliant. We care, and it shows in everything we do, including finding the right people to continue to build a team of industry leaders. We understand that the best way to provide an excellent service to our customers, is to have the best people in our teams across the group. Working at the BES Group is more than just a job. It's a chance to make a difference, to be part of a team that is committed to safety and compliance.

Biffa - Whether we're turning waste into sustainable power, finding new ways to recycle it or simply keeping it off the streets, we believe every day is an opportunity to improve the lives of millions.

It's a view that's shared by our 11,000+ people, who trust us to provide them with a career that's always rewarding, often challenging, but never dull. With opportunities ranging from Drivers, Operations through to Business Support and everything inbetween.

British Airways - British Airways are keen to attract the very best people for their organisation across the country, offering opportunities for engineers of all disciplines, Logistics and Supply Chain specialists, Technical Specialist, Planning and Operations Management. We offer development programmes for engineers who would like to transition into aircraft maintenance, as well as aircraft licence module training for more experienced aircraft engineers within our fully approved training school, all underpinned with a great benefits.

BT - BT Group is home to a diverse array of talent. Our multi-skilled teams stretch across four brands: from sales, marketing, retail, and customer service through to procurement, project management, digital, and engineering. See where your experience could help us build a better, safer, and more sustainable world.

Welcome to a forward-looking working culture where you can find your path, take your next step, and fulfil your potential.

Building Heroes - Established in 2014, Building Heroes is dedicated to service leavers, veterans, reservists, military families and bereaved military family members. We provide training and employment support into a new career in construction by equipping individuals with a broad range of trade skills and then connecting them with a network of employers.

Recruit. Reskill. Redeploy.

Career Forces - CareerForces is the brainchild of Andy Howe. He understands first hand the pressures and stresses of the job, but he also understands the qualities you possess and the value you can bring to the workplace. Operations through to Business Support and everything inbetween. Having personally served his country & society for over 45 years in the military and civil service, Andy has seen first hand the incredible work that our military and key workers can deliver which is why he is passionate about helping you transition.

Careers Ideas Podcast - We are delighted to announce the launch of a new podcast dedicated to tackling the many challenges service leavers and their families face when transitioning from military to civilian life. The Mission Employable UK Podcast, created by a service leaver, for service leavers, empowering the Armed Forces community with the insights, confidence and practical tools needed to navigate civilian employment with purpose and clarity. Come by and lend your voice to those transitioning on our podcast in Cheltenham.

Caterpillar - Our employees are the backbone of Caterpillar's success. They provide the innovative and diverse thinking we need to serve our customers. We value the military community, and by leveraging each individual's skills, abilities and experiences, Caterpillar employees can achieve superior business and personal results. Come build your skills and join a global company that's helping our customers build a better, more sustainable world.

Citation - For almost 30 years, our mission has been to create a world where businesses and the people in them are set up to own the future.

Starting from our home in Cheshire, we've grown to empower thousands of small to medium-sized businesses across the country to embrace risk and stay one step ahead with our hands-on HR, Health & Safety, Wellbeing, E-Learning, ISO Certification and SSIP Accreditation services.

Colas Rail - Colas Rail UK is a leading provider of On Track Plant and Freight Services. We work in collaboration with our customers, to offer a safe, flexible, adaptable and reliable service. We operate and maintain the largest, most advanced fleet of On Track Plant in the UK. Our maintenance division is spread across a large network of depots throughout the UK, which ensures nationwide availability and allows us to provide day-to-day maintenance contract requirements anywhere in the UK.

CTTS - CTTS is synonymous with professionalism and integrity in every service we offer. Our commitment to delivering high-quality training solutions that provide real value for money is a testament to our dedication to the advancing needs of Digital Industries.

Guided by our principles of honesty and integrity, we focus on enhancing the professional skills and preparing individuals for the workforce.

Company X Consulting Ltd - Company X Consulting Ltd or CXC delivers success across Government and Industry by embedding consultancy specialists to provide technical advice. CXC Ltd provides the business acumen to deliver results across the Project, Programme and Portfolio areas. From sophisticated engineering projects to world-first cyber security solutions, everyone at CXC Ltd plays a vital part in helping our clients achieve their goals.

DXC - DXC Technology helps global companies run their mission-critical systems and operations while modernizing IT, optimizing data architectures, and ensuring security and scalability across public, private and hybrid clouds.

The world's largest companies and public sector organizations trust DXC to deploy services to drive new levels of performance, competitiveness, and customer experience across their IT estates.

Enterprise Mobility™

Enterprise Mobility - For more than 65 years we've been moving mobility forward. What began as a leasing company in 1957 has expanded to a network of mobility solutions serving customers in 90+ countries and territories.

We proudly support service members and their families. Veterans, reservists, and spouses thrive in key roles at Enterprise Mobility. Bring your skills, find your mission, and join 90,000+ teammates worldwide.

Eurovia - Using digital technology to connect our plant and equipment with experienced and dedicated skilled teams, Eurovia's surfacing division has an accredited surfacing solution to suit all requirements. From maintaining the local authority and strategic road networks to full-depth reconstruction, with a key focus on the circular economy, we continue to develop and trial sustainable materials which incorporate increasingly higher proportions of recycled asphalt planings to reduce our carbon footprint.

Everyday Project Manager - The Everyday Project Manager philosophy is that anyone can deliver better projects by understanding the principles well and getting them right – every day.

We use plain English to explain away the jargon which means you will quickly get to grips with the concepts we teach. The lessons are straightforward and practical too, so you can get on with applying them straight away.

Ex-Mil ■ ■ ■
Recruitment

Ex-Mil Recruitment - Ex-Mil Recruitment was founded in 2005 by Jean Claude Hedouin as a solution to the employment difficulties faced by former military personnel. Ex-Mil Recruitment is now one of the leading UK based recruitment consultancies for ex-military candidates. Hundreds of employers have benefited from finding the best quality staff on the market through Ex-Mil Recruitment. Our personal histories of making the transition from military to civilian life gives us first-hand experience and an invaluable expertise to

For more than 50 years, we've powered the vital systems behind banks, retailers, energy providers, and government departments, keeping the UK running 24/7.

We combine deep business insight with cutting-edge digital solutions, offering exciting career opportunities across a wide range of sectors.

Hirecracker - As Silver ERS Award holders, Hirecracker Military understands the challenges service leavers face when transitioning into civilian careers. Built by veterans for veterans, we focus on breaking down barriers and creating access to meaningful opportunities. Our team appreciates the unique skills, experiences, and resilience that veterans bring to the workforce and is committed to supporting them every step of the way.

Hull 4 Heroes - Hull 4 Heroes is a veteran-led charity supporting serving personnel, veterans and their families across Hull, East Yorkshire and beyond. Founded by former serviceman Paul Matson, the charity was born from lived experience and a genuine desire to help others through the challenges of civilian life. Hull 4 Heroes provides practical and emotional support including drop-in services, welfare advice, careers guidance, training and self-employment support, helping those who served move forward with confidence.

Impellam - Impellam offers unparalleled workforce and STEM talent solutions expertise to provide organisations with mission-critical skillsets to future-proof your business. We are a purpose-led organisation committed to building better businesses, helping people lead more fulfilling lives, providing good work for people and work for good people. Our blended approach fuses extensive workforce solutions expertise, with access to deep communities of STEM talent.

The InsureLife Group - We are 100% committed to helping you find the right protection policy for you and your family. The InsureLife Group have been in the insurance industry for over 20 years, and have many thousands of satisfied and loyal customers that have trusted us to deliver the right insurance policy for their individual requirements. Our friendly and expert advisors are hand picked to guide and assist when required. We're not pushy, but are here when you need us.

intentsGP - intentsGP delivers temporary, high-quality glamping accommodation at major motorsport and outdoor events. We design, build, and operate full guest villages on site, providing comfortable sleeping arrangements, power, catering spaces, and guest services. Our work is hands-on, team-based, and operationally disciplined, requiring reliability, problem-solving, and calm execution under time pressure. This suits individuals with experience in logistics, field operations, and structured teamwork.

Kaizen Summit - Kaizen Summit is a veteran owned and operated Leadership and Personal Development Company - Through Face to Face and Online Training packages we teach age old servant leadership principles. Each of our mentors are battle-tested leaders from military and emergency service backgrounds who've thrived in the toughest environments. They bring real-world experience, hard-earned lessons, and the ability to cut through the noise to give you clarity, confidence, and results.

Learning Driving Centre - Learner Driving Centres (LDC) is a long-established, family-run driving school network founded in 1987. Operating nationwide from its modern training centre in West Yorkshire, LDC supports hundreds of professional driving instructors across the UK. Known for its high standards, innovative training methods, and customer-first ethos, LDC specialises in training new driving instructors and helping them build successful, quality-focused driving school businesses.

Mears Group - Mears Group is the UK's largest provider of housing repairs, maintenance and regeneration services, working in partnership with local authorities and communities nationwide. We also deliver housing management and care and support services for some of the most vulnerable people in society. With roles spanning trades, housing, care, apprenticeships and corporate services, Mears offers diverse career opportunities across the UK. We are proud holders of the Armed Forces Covenant Gold Award and value the skills veterans bring.

Michael Glasscock Coaching

Michael Glasscock Coaching - Hi, I'm Michael. I'm a Career & Confidence Coach that helps people in Health & Social care find joy in their chosen career in 8 weeks without feeling overwhelmed.

I'm a positive, easy-going coach with an informal, yet professional manner. I guide, support and challenge clients to achieve their goals and work best with clients who are serious about making a change to their careers and pursuing a life worth living..

Microsoft

Microsoft Software & Systems Academy (MSSA) -

A 17-week, full-time technical training programme designed specifically for transitioning service members and veterans, MSSA blends hands-on learning in high-demand areas like cloud development and cybersecurity with professional skills training and career coaching. Participants receive industry-recognised certifications and direct access to job fairs and employer engagement opportunities.

Military vs Cancer - At Military vs Cancer, we support serving personnel, veterans and their families affected by cancer. We offer help with care funding, travel for treatment, home adaptations and respite breaks.

Our mission is to ensure no one in the military community faces cancer alone. One team, one fight.

Murphy Solution - We call it Murphy's Way. Because just like Edward, we love preparation and know that sooner or later most businesses will suffer from a greater strain. That is when the preparations are crucial. We put together extremely experienced crisis leaders with razor-sharp developers. The result is the Murphy Crisis Management and Training Platform. Want to know how you can be better equipped with Murphy in a crisis? Come see us and discover how our courses can help you grow.

Newcastle College - Offering full-time and part-time further and higher education, apprenticeships and bespoke training, we help all of our learners to gain the skills they need to achieve success and meaningful employment. We're part of NCG and work in collaboration with our colleagues across the country to share best practice and make a real impact in our local areas. Together, we offer students a great place to learn and colleagues a great place to work

NHS Supply Chain - NHS Supply Chain is a vital part of the NHS, sourcing and delivering healthcare products, services, and food to trusts and organisations across England and Wales.

With 600,000+ products, 1,000+ suppliers, and 18,000 locations, we ensure efficiency and quality, allowing NHS staff to focus on patient care. We offer hybrid working, career development, excellent benefits, and an inclusive culture.

Northrop Grumman - Your work here makes a difference. Whether you want to design next-generation aircraft, harness digital technologies or build spacecraft that will return humanity to the moon, you'll contribute to technology that's transforming the world.

We are 100,000 people – with careers across all areas: air, cyber, land, sea, space and the connectivity in between. Join us as we work as one to defend and define the future.

Guiding and Shaping Young Lives

Nova Care Group - Nova Care Group provides safe, consistent and personalised care for children and young people up to 25, particularly those affected by trauma, exploitation and criminal or gang involvement. Our dedicated teams deliver 24/7 care, mentoring and coaching to help rebuild trust, stability and life skills for adulthood. We're seeking resilient, committed individuals to join us as positive role models, offering competitive pay, paid qualifications and clear career progression in a truly rewarding role.

ON LAND ■ ONBOARD ■ ONLINE
