Management & Leadership Training

The Forces Transition Group - Transition Day
Your pathway to a successful civilian career!

Join us on **Tuesday, 15th September at Cheltenham Town Hall** for another transformative event tailored specifically for service leavers, blue light professionals, ex-forces personnel, and their spouses. With over 70 exhibitors, this event is your gateway to new opportunities and a seamless transition into civilian life.

Inspiring Opening Briefing
Start the day with an engaging briefing from John Stephenson of the FTG, setting the tone for a day filled with actionable insights and guidance.

Company Showcases
Hear directly from FTG partner companies eager to recruit talented service leavers like you. These organisations understand the military and blue light mindset and recognise the value of your transferable skills as well as those of your family. Prepare to be inspired as they pitch their opportunities and share what makes them the perfect fit for your next career move.

Interactive Networking Opportunities
Take part in a speed interview process where you can showcase your skills to companies actively seeking new talent.
Forge meaningful connections and explore potential job opportunities during this fast-paced and focused session.

Stay Refreshed
An onsite café will be available to purchase food and drinks, ensuring you stay energised and focused throughout the day.

Why Attend?
- Connect with over 70 exhibitors actively recruiting.
- Gain exclusive insights from companies and industry leaders.
- Access workshops and tools to prepare for a successful transition.
- Build valuable networks that will propel your civilian career.

Don't miss this incredible opportunity to set your course for a successful civilian future. Join us on **Tuesday, 15th September at Cheltenham Town Hall** and take the next step toward your career transformation.

Your future is waiting—are you ready to Be The Hunter?

Timings for the day:

0830: Doors open for refreshments
0900: John Stephenson Commencement Briefing
0920: Meet the Businesses - 60 second Presentations
1100: Networking/Interview Booking
1130-1600: Interviews
1600: Finish Time

2BCompliant - Transport Compliance & Driver CPC Training Services

The 2BCompliant team provide a complete transport compliance and driver CPC training service. Founded in 2019 by our CEO Darren Matthias, it is trusted by transport professionals throughout the UK who look to us to provide them with everything from driver CPC training to operator's licence audits and external transport managers.

Aga Rangemaster - AGA Rangemaster has built a reputation for quality, craftsmanship, and excellent customer service. Behind this success is a team of skilled and dedicated people working across a wide range of roles. As part of the AGA Rangemaster Group and the Middleby Corporation, we offer varied career opportunities for individuals looking to develop their skills and be part of a respected manufacturing business.

Allianz - With a legacy dating back to 1890, Allianz is a global leader in insurance and asset management, operating in over 70 countries. Our diverse team includes actuaries, advisors, underwriters, tech experts, and more—united by a passion for protecting what matters most. We value individuality, champion growth, and empower our people to shape the future of our industry.

Discover career opportunities with Allianz in the UK.

Altrad - With over 10,000 people working for Altrad across the UK and Ireland, no two days are ever the same.

We serve a wide range of industry sectors; we strive to be the best we can be – everyday. At Altrad, you will be rewarded with the opportunity to build a progressive career in a company who values your ingenuity, creativity and ambition. Are you ready to accept our challenge?

Amey - Amey is a leading provider of full life-cycle engineering, operation and decarbonisation solutions for UK infrastructure. We work in a variety of markets to keep people moving, thriving and support economic growth. For the last 100 years we have transformed the UK's infrastructure. Join us and be involved in transforming it for the next 100 years. Joining us means becoming part of a vibrant and diverse community who are driven by a set of strong values, that focus on safety, insight, and collaboration.

Aquatic Control Engineering - Aquatic Control Engineering (ACE) is a leading specialist provider of water control and flood risk management solutions for the UK infrastructure sector. We design, manufacture, and deliver robust, site-specific solutions including land drainage pumping stations, penstocks, flap valves and flood gates. Working closely with contractors, consultants, and end clients, ACE combines engineering expertise with a practical, collaborative approach to deliver reliable solutions that protect communities, infrastructure, and the environment.

AtkinsRéalis - Engineering a sustainable world. We believe that game-changing engineering has the power to radically improve the way we are all housed, connected, powered, and protected, and in doing so, overcome many of the sustainability challenges we face. From designing end-to-end project solutions to pioneering new technologies and ways of working, everything we do supports our goal of delivering outstanding project outcomes for our clients – no matter the scale, complexity or location of their project.

Aureos - Aureos' Infrastructure Plant business is a Plant Operation Scheme (POS) provider you can trust, with an exemplary track record of providing a safe, quality service. We are proud to be part of Network Rail's POS, when working on the UK's train network.

Aureos is at the forefront of investing in the training and latest technologies to ensure our plant and equipment capabilities keep us at the forefront of the industry

Aviation Requirements Ltd - Aviation Requirements is an established Defence Consultancy providing specialist support to the UK Ministry of Defence (MoD) and Defence Sector Industries. Our core business is the provision of specialist technical, logistic, project management and other skills through direct or indirect contracting arrangements. In support of our tasking we are continually looking for suitably qualified and experienced individuals who are self-motivated, focused and interested in working within the Defence Sector.

Babcock International - Babcock is an international defence company providing products and services that enhance customers' defence capabilities and critical assets. Guided by its purpose of creating a safe and secure world, together, the company combines expertise in engineering, technology integration, infrastructure management, and specialist training to improve the capability, reliability, and availability of critical assets worldwide.

BAE SYSTEMS - From complex engineering projects to world-class cyber security solutions, everyone at BAE Systems plays a part in helping our customers protect what matters most.

At the core of BAE Systems is an overarching purpose – we play our part in protecting what matters; making the future more secure for everyone by creating bold, pioneering security products and services that can change the world we live in.

Baker Hicks Ltd - BakerHicks is a design, engineering and project delivery consultancy specialising in complex infrastructure and built environments. We deliver safe, sustainable and award-winning solutions across aviation, defence, life sciences, manufacturing, nuclear, power, public and rail sectors, supported by multidisciplinary expertise and advanced Building Information Modelling (BIM). BakerHicks is part of Morgan Sindall Group plc.

BES Group - At the BES Group, we are passionate about keeping people safe and businesses compliant. We care, and it shows in everything we do, including finding the right people to continue to build a team of industry leaders. We understand that the best way to provide an excellent service to our customers, is to have the best people in our teams across the group. Working at the BES Group is more than just a job. It's a chance to make a difference, to be part of a team that is committed to safety and compliance.

Biffa - Whether we're turning waste into sustainable power, finding new ways to recycle it or simply keeping it off the streets, we believe every day is an opportunity to improve the lives of millions.

It's a view that's shared by our 11,000+ people, who trust us to provide them with a career that's always rewarding, often challenging, but never dull. With opportunities ranging from Drivers, Operations through to Business Support and everything inbetween.

Breeze Academy - Breeze Academy is a leading UK training provider specialising in hands-on courses in sports massage, acupuncture and clinical therapy. Our ELCAS-approved Level 4 Diploma in Sports Massage Therapy offers a direct route into the industry, with no Level 3 required. Flexible online theory is combined with intensive practical workshops, giving students maximum hands-on experience. Delivered by industry expert tutors, the course focuses on real-world skills and includes an employability and business module to help graduates secure work or start their own practice.

British Airways - British Airways are keen to attract the very best people for their organisation across the country, offering opportunities for engineers of all disciplines, Logistics and Supply Chain specialists, Technical Specialist, Planning and Operations Management. We offer development programmes for engineers who would like to transition into aircraft maintenance, as well as aircraft licence module training for more experienced aircraft engineers within our fully approved training school, all underpinned with a great benefits.

Building Heroes - Established in 2014, Building Heroes is dedicated to service leavers, veterans, reservists, military families and bereaved military family members. We provide training and employment support into a new career in construction by equipping individuals with a broad range of trade skills and then connecting them with a network of employers.

Recruit. Reskill. Redeploy.

Career Forces - CareerForces is the brainchild of Andy Howe. He understands first hand the pressures and stresses of the job, but he also understands the qualities you possess and the value you can bring to the workplace. Operations through to Business Support and everything inbetween. Having personally served his country & society for over 45 years in the military and civil service, Andy has seen first hand the incredible work that our military and key workers can deliver which is why he is passionate about helping you transition.

Citation - For almost 30 years, our mission has been to create a world where businesses and the people in them are set up to own the future.

Starting from our home in Cheshire, we've grown to empower thousands of small to medium-sized businesses across the country to embrace risk and stay one step ahead with our hands-on HR, Health & Safety, Wellbeing, E-Learning, ISO Certification and SSIP Accreditation services.

Colas Rail - Colas Rail UK is a leading provider of On Track Plant and Freight Services. We work in collaboration with our customers, to offer a safe, flexible, adaptable and reliable service. We operate and maintain the largest, most advanced fleet of On Track Plant in the UK. Our maintenance division is spread across a large network of depots throughout the UK, which ensures nationwide availability and allows us to provide day-to-day maintenance contract requirements anywhere in the UK.

CTTS - CTTS is synonymous with professionalism and integrity in every service we offer. Our commitment to delivering high-quality training solutions that provide real value for money is a testament to our dedication to the advancing needs of Digital Industries.

Guided by our principles of honesty and integrity, we focus on enhancing the professional skills and preparing individuals for the workforce.

Company X Consulting Ltd - Company X Consulting Ltd or CXC delivers success across Government and Industry by embedding consultancy specialists to provide technical advice. CXC Ltd provides the business acumen to deliver results across the Project, Programme and Portfolio areas. From sophisticated engineering projects to world-first cyber security solutions, everyone at CXC Ltd plays a vital part in helping our clients achieve their goals.

Element - Element Materials Technology is a global leader in testing, inspection, and certification services, helping make tomorrow safer than today.

With thousands of scientists, engineers, and technologists across a worldwide network of laboratories, Element offers rewarding career opportunities in a collaborative and inclusive environment focused on innovation, development, and making a positive impact.

EMR Group - At EMR, we give new life to unwanted materials. Every year, we recycle 10 million tonnes of metals and plastics, saving 19 million tonnes of carbon from entering the Earth's atmosphere, diverting waste from landfill and protecting resources and habitats.

We couldn't do any of this without our team members. In return for all they do, we do everything we can to create an environment of belonging, value, support and growth.

Ex-Mil Recruitment - Ex-Mil Recruitment was founded in 2005 by Jean Claude Hedouin as a solution to the employment difficulties faced by former military personnel. Ex-Mil Recruitment is now one of the leading UK based recruitment consultancies for ex-military candidates. Hundreds of employers have benefited from finding the best quality staff on the market through Ex-Mil Recruitment. Our personal histories of making the transition from military to civilian life gives us first-hand experience.

Forces Pension Society - Whether you're approaching resettlement or have already left the Armed Forces, the Forces Pension Society provides expert guidance to help you understand your pension options and make informed decisions for the future. As an independent, not-for-profit organisation, they offer trusted advice, education and support for the Armed Forces community.

Fujitsu - With over 7,000 employees in the UK, Fujitsu is a global technology leader dedicated to making the world more sustainable through innovation and trust. For more than 50 years, we've powered the vital systems behind banks, retailers, energy providers, and government departments, keeping the UK running 24/7.

We combine deep business insight with cutting-edge digital solutions, offering exciting career opportunities across a wide range of sectors.

Guidant Global - Guidant Global is a specialist outsourced recruitment provider and that means we do things a little differently. And we like to think, a little better.

It doesn't matter if you've got a masters in Aerospace Engineering or are looking to transition into a totally new field. We have a range of roles to suit every experience level.

Hull 4 Heroes - Hull 4 Heroes is a veteran-led charity supporting serving personnel, veterans and their families across Hull, East Yorkshire and beyond. Founded by former serviceman Paul Matson, the charity was born from lived experience and a genuine desire to help others through the challenges of civilian life. Hull 4 Heroes provides practical and emotional support including drop-in services, welfare advice, careers guidance, training and self-employment support, helping those who served move forward with confidence.

ITonlinelearning - ITonlinelearning is a UK-based training provider with over 18 years' experience delivering accredited professional courses (ID: 6447). We support learners through structured online study with tutor guidance, including those using ELCAS funding. Training is available across Cyber Security, Management and Leadership (CMI), Human Resources (CIPD), Project Management, Data Analysis and IT, and Business Analysis.

Learner Driving Centre - Learner Driving Centres (LDC) is a long-established, family-run driving school network founded in 1987. Operating nationwide from its modern training centre in West Yorkshire, LDC supports hundreds of professional driving instructors across the UK. Known for its high standards, innovative training methods, and customer-first ethos, LDC specialises in training new driving instructors and helping them build successful, quality-focused driving school businesses.

Microsoft Software & Systems Academy (MSSA) - A 17-week, full-time technical training programme designed specifically for transitioning service members and veterans, MSSA blends hands-on learning in high-demand areas like cloud development and cybersecurity with professional skills training and career coaching. Participants receive industry-recognised certifications and direct access to job fairs and employer engagement opportunities.

Military vs Cancer - At Military vs Cancer, we support serving personnel, veterans and their families affected by cancer. We offer help with care funding, travel for treatment, home adaptations and respite breaks.

Our mission is to ensure no one in the military community faces cancer alone. One team, one fight.

NATS - We are looking for engineers to join our teams and take part in a vital part of the work we do. NATS are the UK's leading provider of air traffic control services.

From maintaining current systems to designing and implementing brand new technology, our engineers are responsible for providing services from project delivery through to the 24/7 maintenance of Air Traffic Control equipment across the UK.

Newcastle College - Offering full-time and part-time further and higher education, apprenticeships and bespoke training, we help all of our learners to gain the skills they need to achieve success and meaningful employment. We're part of NCG and work in collaboration with our colleagues across the country to share best practice and make a real impact in our local areas. Together, we offer students a great place to learn and colleagues a great place to work

Norse Group - Norse Group is committed to improving lives while generating sustainable, ethical profit for the public sector. Working closely with councils through flexible partnerships and joint ventures, the Group delivers high-quality services that provide value for money and support local communities. By investing in its people and evolving its services, Norse Group continues to strengthen its position as the UK's largest LATCo while creating long-term opportunities for growth and development.

Northrop Grumman - Your work here makes a difference. Whether you want to design next-generation aircraft, harness digital technologies or build spacecraft that will return humanity to the moon, you'll contribute to technology that's transforming the world.

We are 100,000 people – with careers across all areas: air, cyber, land, sea, space and the connectivity in between. Join us as we work as one to defend and define the future.

Nova Care Group - Nova Care Group provides safe, consistent and personalised care for children and young people up to 25, particularly those affected by trauma, exploitation and criminal or gang involvement. Our dedicated teams deliver 24/7 care, mentoring and coaching to help rebuild trust, stability and life skills for adulthood. We're seeking resilient, committed individuals to join us as positive role models, offering competitive pay, paid qualifications and clear career progression in a truly rewarding role.

PM Intelligence Hub - PM Intelligence Hub is an AI-powered platform designed to help project professionals manage information more efficiently. It turns meeting notes into structured RAID logs, action registers and executive summaries, reducing administration and improving consistency. By keeping risks, actions, issues and decisions clearly organised, it helps teams save time, maintain oversight and support better project delivery.

Quanta - Training and Consultancy.

Unlocking the potential in individuals, your teams and workforce.

At Quanta training there is little that we can explain about ourselves without using our favourite words: "Learn, Embed, Excel." You can expect an unparalleled training experience with your needs at the centre of everything we do.

Quilter - Quilter is one of the UK's leading wealth managers. We're here to help our clients to plan and manage their finances, enabling them and their family to live the life you want.

We have a long and successful history of guiding customers through all kinds of markets. We can help them grow their investments and ensure they have the financial support they need for each stage of their life. We're here to help people have a brighter financial future.

Raytheon - Raytheon UK leads innovation in air travel management, digital transformation, and advanced weapon systems, ensuring air power and space dominance for Britain's armed forces. With cutting-edge technology and skilled professionals, we are committed to national security—and to investing in your career.

A job with Raytheon UK is more than work; it's a mission to protect Britain and its allies.

Rheinmetall - Rheinmetall plays a vital role in supporting security, freedom, and sustainable development through advanced technologies, products, and systems.

Whether you're starting your career or bringing professional experience, Rheinmetall offers excellent training, development opportunities, and rewarding career paths within a forward-thinking global organisation.

Roke - At Roke, our strength comes from our people and their diverse backgrounds and perspectives. We trust in their talent, skill and dedication to deliver projects, products and capabilities that protect what matters most - no matter their level of experience. Our goal is to enable you to have a safe, inspiring working environment where you can perform at your best. We will invest in you to make sure there are opportunities available for you to get involved in career defining projects, undertake new qualifications and shape your future.

RT Consulting - Trusted Expertise, Proven Outcomes.
We drive innovation and transformation in key sectors, including Defence, Local & Central Government, Policing and Transport. Our dedicated team collaborates closely with you to understand your challenges, aligning ourselves with project objectives to create a cost-effective solution that ensures project success. RT Consulting's collaborative approach empowers you to maintain success well beyond the project's completion.

Rugby For Heroes - Rugby For Heroes supports serving personnel and veterans as they transition into civilian life through its three core pillars: rugby coaching, career development and mental wellbeing support. By harnessing the power of the rugby community, they help individuals develop new skills, build confidence and rediscover the camaraderie, purpose and teamwork that are so valuable beyond military service.

Ryanair - We Are Ryanair! and we are GROWING! With over 25,000 aviation professionals from over 70 countries and we are not stopping there! As we will create thousands of new jobs as we grow to 300m guests by 2034.

Hard work and determination are key but you have to have a little fun too & at Ryanair we don't take ourselves too seriously!

Safeline Environmental LTD - Safeline Environmental is a specialist asbestos removal and environmental management company operating across the UK. Working across domestic, commercial and public sector projects, they offer a range of career opportunities for individuals who value professionalism, teamwork and high standards, with comprehensive training and development available for those looking to build a career in the industry.

SERCO - We bring together the right people, the right technology and the right partners to create innovative solutions that make positive impact and address some of the most urgent and complex challenges facing the modern world. At Serco, not only is the nature of our work we do important, everyone has a role to play, from caring for vulnerable people to managing complex services. Our diverse and global operations offer you incredible opportunities to learn and grow.

Sierra Nevada Corporation Mission Systems UK (SNC) - SNC MS UK delivers advanced aerospace, defence, and security solutions for government and commercial customers. As part of Sierra Nevada Corporation, the company combines innovation, technical expertise, and a strong commitment to developing future talent. With a focus on growth, inclusion, and career development, SNC MS UK offers rewarding opportunities within a forward-thinking organisation.

SM Safety Training & Consultancy - Lead the way to a safer working environment with

SM Safety Training and Consultancy Ltd. We specialise in providing high-quality Health and Safety courses and Health & Safety Consultancy Services throughout Wiltshire and Hampshire areas.

SP Energy Networks - We are SP Energy Networks. We keep electricity flowing to homes and businesses through Central and Southern Scotland, North Wales, Merseyside, Cheshire and North Shropshire.

To do this, we operate over 4000km of cables and lines that make up the transmission network – connecting infrastructure like wind farms into the electricity system.

Squarcle - Squarcle is a specialist consultancy delivering expertise in procurement, supply chain, digital transformation, data and AI across the defence and wider public and private sectors. As a signatory of the Armed Forces Covenant, Squarcle actively welcomes service leavers, recognising the leadership, problem-solving and operational experience they bring. With structured development programmes and clear career pathways, they offer opportunities to build a rewarding career in a collaborative and innovative environment.

Symposium IT - Symposium IT, a leading Managed Service Provider (MSP) based in Manchester, specialises in digital transformation and cloud adoption. Our goal is to help organisations utilise technology for innovation, efficiency, and growth.

The name "Symposium IT" reflects our commitment to collaboration, knowledge-sharing, and innovation in information technology, drawing inspiration from ancient Greek symposia.

The Franchise Consultant - Unlock the power of franchising with our 30+ years of expertise. We provide comprehensive support, from franchise development and customised solutions to franchisee recruitment and ongoing guidance.

Whether you're launching, growing, or refining your franchise, we're here to help. Start your journey with confidence today!

The Gym Group - At The Gym Group we pride ourselves on our "people first" approach and the inclusive workplace we have created. We are constantly evolving and adapting to the world around us to reflect an support our teams and our members. Our teams really are brilliant, passionate and experienced and we're sure if you asked them they'd tell you how dedicated to our people. We support and invest in their future career adventures because we want them to grow with us!

The Wind Academy - We are an offshore wind training provider based in North East England. Created by experienced industry heavyweights, using our extensive hands-on knowledge to train the next generation of clean energy professionals.

Courses are targeted at candidates wishing to enter the offshore wind industry, to strengthen existing skills, and bring new opportunities to already successful careers.

TJ Waste - TJ Waste & Recycling Ltd is the waste management arm of TJ, serving both commercial and domestic consumers with a range of waste collection and disposal solutions in the South East region. We operate a network of strategically located Materials Recovery Facilities, equipped to recycle up to 100% of waste received. Through organic growth and acquisition, TJ Waste & Recycling has become one of the leading independent waste management providers in the South East.

Trinity Claims - Trinity Claims provides a dedicated claims service for our sister company, Policy Expert, blending technology with traditional customer service to deliver a leading claims experience. Growing rapidly, Trinity Claims is becoming a recognised employer in the sector, offering apprenticeships, career development through Trinity Academy, a comprehensive benefits package, and a supportive environment with trained advocates for both staff and customers.

TSL Projects - TSL is a leading technical engineering and construction group delivering complex projects across EMEA, the Americas and APAC. Working across sectors including advanced manufacturing, defence, logistics, pharmaceuticals, data centres, food production and renewable energy, TSL delivers turnkey projects with a strong focus on safety, quality and efficiency. Its fast-paced, international environment offers varied career opportunities across engineering, construction and project delivery, with a commitment to investing in its people and supporting their professional development.

Venterra Group - Venterra is a global offshore wind services company supporting every stage of the offshore wind project lifecycle, from design and engineering to installation, inspection and maintenance. Bringing together specialist expertise from across the industry, Venterra offers a wide range of career opportunities for those looking to work in a collaborative, forward-thinking environment at the forefront of the renewable energy sector.

Veterans Welfare Group - Veterans Welfare Group is a support hub for military personnel, veterans, and their families. It brings together a network of trusted, independent professionals who provide advice and guidance before, during, and after discharge from the armed forces. Our members possess the skills and expertise to offer support in areas such as finance, legal, employment, education, relocation, and rehabilitation. They also understand the complexities of various types of injuries and how these can affect everyday life.

Viridor - Viridor is a people focused organisation committed to recruiting, developing and retaining talented individuals. With a strong HomeSafe culture, the company places the health, safety and wellbeing of its teams at the heart of everything it does. Through a supportive learning and development environment, Viridor invests in its people, helping them build their skills, realise their potential and succeed together.

Volker Wessels UK - We are a leading multidisciplinary contractor that delivers innovative engineering solutions across the civil engineering and construction sectors including rail, highways, defence, airport, marine, energy, water, and environmental infrastructure. All great things start somewhere, and here at VolkerWessels UK they start with you. We're looking for capable, down-to-earth people with an appetite for exciting challenges. Come see us to find out more.

Weave of Honour - We understand firsthand how treasured medals often sit unused in drawers or are only worn for special occasions. This led us to realise that there is a better way to celebrate these special honours through attractive works of art that can be admired every day. Each piece is hand-crafted by skilled weavers with meticulous attention to detail, ensuring that every ribbon is perfectly positioned and secured.

Wellingtone - At Wellingtone, we excel in providing project management guidance and training for the Armed Forces Community. As Microsoft's top Global Partner and with the most APM-accredited courses, we offer unmatched expertise. Our APM Project Fundamentals Qualification (PFQ) course is tailored for service leavers, contextualising project management principles to military experience. We also deliver the APM Project Management Qualification (PMQ) and support those aiming for APM Chartered Project Professional (ChPP) status.

West Midlands Metro - West Midlands Metro is at the heart of one of the UK's fastest-growing light rail networks, connecting communities across the region with safe, reliable and sustainable transport. As the network continues to expand, Metro offers a wide range of career opportunities across operations, engineering, customer service and business support, with ongoing training and development to help employees build long-term careers in the transport industry.

Your Voice CV - Your CV is your first impression—make it count. This service helps you craft a sharp, engaging career story that motivates employers to meet you.

With clear, modern formatting and powerful, concise language, your CV will stand out for all the right reasons. Say goodbye to clutter and clichés, and hello to a confident, compelling document that shows you're ready for what's next.

dnata - dnata is a leading global air and travel services provider, delivering ground handling, cargo, catering, retail and travel services across airports worldwide. It offers varied career opportunities in operations, logistics, customer service, engineering and business support, within a fast-paced, team-focused environment where leadership, discipline, reliability and strong operational skills are highly valued.
